## OIPA News—Right to Your Door

### **Jack Gibson**

**Why did you start this volunteer gig and how long have you been doing it?**

My neighbor had been delivering the newsletters before me. I substituted for her a few times and eventually took over for her about five years ago when I was 6 years old.

**To what(which) block(s) do you deliver newsletters?**

3700 N Kildare and 4200 W Grace

**How long does it take you to deliver to your route and do you do anything else while making deliveries (walk your dog, listen to podcasts, etc.)?**

It takes about ten minutes, I usually walk with my Dad and sometimes we go to Starbucks afterward.

**Do you have any funny stories or observations you've made while delivering newsletters?**

When I was younger, I used to ride on my scooter and pretend to be the mailman while delivering the newsletters.

**Is there anything you would like newsletter recipients to know that would make your job easier?**

Not really.

**Three words to describe Old Irving Park**

Fun, friends, home

## Meet Your Volunteer Delivery Team | OIPA

### Pete Jurgeleit

#### **Why did you start this volunteer gig and how long have you been doing it?**

I first volunteered to deliver OIPA newsletters to the Villa neighborhood almost eleven years ago. Then, as now, OIPA newsletters are distributed to only those OIPA members who live in Old Irving Park and mailed to all other members who live outside the boundaries. To cover the cost of the mailing the newsletters, OIPA charged OIPA members who did not live in Old Irving Park and additional \$15 (\$12?) each year. Despite their close proximity to Old Irving Park, residents of the Villa neighborhood, where my wife and I have lived since 2001, we needed to pay the additional \$15 per year to become OIPA members. OIPA, however, was willing to waive the \$15 for Villa residents if someone in the Villa was willing to volunteer and hand-deliver the OIPA newsletters to members who lived in the Villa. So, since the spring of 2008, I have been hand-delivering OIPA newsletters to OIPA members living in the Villa neighborhood, enabling such members (my household included) to take advantage of the membership rate otherwise available only to residents of Old Irving Park.

#### **To what(whichever) block(s) do you deliver newsletters?**

I deliver OIPA newsletters to the 3600 and 3700 blocks of N. Pulaski Rd. (east side only), N. Harding Ave., N. Springfield Ave., N. Avers Ave. and N. Hamlin Ave., as well as the 3800 and 3900 blocks of W. Addison St. (north side only) and W. Waveland Ave.

#### **How long does it take you to deliver to your route and do you do anything else while making deliveries (walk your dog, listen to podcasts, etc.)?**

It usually takes me about 20 minutes to deliver my route, depending on my mode of transportation (walk or bike), any assistance from my kids and whether I run into neighbors while delivering. Sometimes I listen to music or WBEZ on my iPhone, or use the opportunity to call my mother in Maine.

#### **Do you have any funny stories or observations you've made while delivering newsletters?**

Unfortunately, I don't have any particularly funny stories from my days delivering newsletters, but every time I do my route I feel fortunate. Since well before I started delivering, I have known almost all OIPA members living in the Villa, and have socialized with most of them repeatedly over the years. I am grateful that so many of my friends, including OIPA members, live within such close walking distance.

#### **Is there anything you would like newsletter recipients to know that would make your job easier?**

Just like the mailman, I appreciate sidewalks, walkways and front steps that are cleared of snow and ice in the wintertime. Icy stairs can be treacherous!

#### **Three words to describe Old Irving Park (and the Villas).**

Relaxed, friendly, accessible.

## Summarized Minutes of the Meeting

on November 19, 2018 – Bart Goldberg, Secretary

**Attendees:** Lynn Ankney, Anna Sobor, Meredith O'Sullivan, Adrienne Chan, Colleen Kenny, Annie Swingen, Scott Legan, and Bart Goldberg.

The Board meeting commenced at about 7:09 p.m.. Our thanks to Annie for hosting and to her son Ellis for graciously sharing his Halloween candy with all of us (I could have never done that at the age of eight, or really even now if I had worked so hard to extort it from the neighbors).

**Treasurer's Reports:** President Ankney, in her new additional role as Treasurer reported that the banking resolutions that had been prepared by the Secretary had been lodged and accepted with the relevant banks. She then discussed our financials, but sheepishly informed us that her initial reports were not available due to their being eaten by her chickens. This is why Howard Silver never had a chicken.

**Advertising:** Colleen reported on the status of advertising revenues from our newsletter and President Ankney updated us on our website sponsors. Several of the Board members volunteered to contact some of our prior advertisers that have not renewed to see if they were interested in advertising in the future. We want them to know that we love them!

**Commercial Development and Zoning:** Board members who had attended reported on the community meeting that had occurred on the November 14th concerning possible future development at the former site of Sears. We also agreed to attend a forthcoming meeting at the office

of Alderman Arena to obtain further information regarding possible development on the block of Irving Park Road that includes the site of Sabatinos (a neighborhood institution whose passing is being mourned by many). A zoning attorney also attended our meeting to present possible plans for the development of homes at 3916 and 3918 N. Tripp Avenue. No action was taken on this except to inform the Alderman's office of the fact that the meeting had taken place.

**OIPA Archival Policy:** There was further discussion about setting a date for the members of the Board to meet to review old OIPA documents with an eye to discarding the redundant ones, and properly storing what should be kept.

**Aldermanic Candidate Forums:** We discussed providing limited assistance to other neighborhood organizations that are putting on candidate forums for the upcoming aldermanic elections. The two wards that include our boundaries are the 39th and 45th. The forum for the 39th ward has been set for January 24, 2019 at the Irish American Heritage Center, and info for the 45th Ward is forthcoming. (As a neighborhood group we certainly take no positions regarding political elections, but we agreed that if we did take such positions we would certainly want to get involved in the 14th Ward to promote the re-election of Ed Burke to another 50 year term— **just joking**).

# Summarized Minutes of the “Helping” Meeting

on November 12, 2018 – Bart Goldberg, Secretary

### Attendance:

**President Ankney** commenced the meeting at 7:05 p.m. For this meeting we were celebrating the volunteer organizations working in our neighbor. Specifically we had invited five of them to visit our meeting so that we can learn more about what they do, and to provide information for people that might want to volunteer. We invited the YMCA, Lydia Home, the Irving Park Food Pantry, Carlson Community Services, and Hands to Help Ministries (H to H was unable to attend due to an illness). Towards the end of the meeting we gave each NFP a check for \$500 for our annual gift. About thirty OIPers attended the meeting, including a relatively new attendee, **Jonathan Levy**, who brought his seventh grade daughter **Ellen** who was looking for a good place to do some volunteer work. Good for her! We also had a surprise visit from **Congressman Quigley**. Many of you will be relieved to know that in honor of our theme I am going to try to write these Minutes without a single lame effort at humor. After all, as it is appropriately expressed by the great Elvis Costello at the close of most of his shows: What’s so Funny About Peace, Love and Understanding?

### Main Speakers:

**Ron Anderson** – Old Irving Park YMCA: Ron has met with us before, but this is the first time since he became the Executive Director of this venerable non-profit that has been in the community since 1925. I think we are all aware of all of the excellent programs that they offer to sharpen your body and mind, and that they have wonderful exercise facilities. We know that they provide excellent after-school care for

children. We are aware that they provide affordable housing to over two hundred men. We may even be aware that Da Bears used to train there during the 1960’s (If it is good enough for Ditka...). Some of you may even be aware that the Y is an international institution that was founded in London and is headquartered in Switzerland. And of course we know that the fees are very reasonable. But did you know that the YMCA promises to never turn anyone away from their services due to an inability to pay! Thanks to that, an additional 350 families were able to utilize the “Y” this year. That is why they seek volunteers and financial donations during their Annual Campaign.

**Jonn Blazey – Lydia Hope Healing and Home:** John is the Director of Development at this amazing non-profit institution. It was first founded on the NW side of Chicago in 1916 and has been at its present location on Irving Park Road for 98 years. It started as an orphanage and the Specialized Residential Program is still a very large part of its mission. That program provides food and shelter, counseling, education, and medical assistance to children that have been the victims of the most severe abuse. Jonn says that there are fewer and fewer places in Chicago that still exist to cater to children that have experienced serious trauma. Approximately 40 children live there at any one time, and they range in age from 6 years on up. They usually stay there for about six months to two years. Giving these children some comfort and hopefully a chance at recovery and success in life is vitally important, but Lydia also has other programs as well. They work to provide traditional

foster care placements to children that have suffered from abuse and neglect, and they also have an Intact Family Services program to help existing families that have been reported to DCFS with counseling and services, with the idea of strengthening the family so that removal or out-of-home placement will not be necessary. While over half of the annual budget for Lydia is received from government grants and fees, there is a huge need for continuing outside support. Financial support is of course welcomed, and they also have many opportunities for people wishing to volunteer.

**John Psiharis and Craig Shutt – Irving Park Community Food Pantry:** John is the Executive Director of this absolutely essential NFP. It was formed in the mid-1970's by Leila Duncan who personally purchased and delivered groceries to those in need in our community. She was a member of the Irving Park United Methodist Church, where it is still housed, and it was created by a coalition of local churches. They are now the third largest food pantry in the area and provide a three day supply of food each month to approximately 1,400 people per month. They serve people living in the 60641 zip code and those living in 60618 when west of Kedzie. It is essentially an all-volunteer organization and presently boasts about 80 volunteers. However, there is plenty of opportunity for additional volunteers, and donations are always appreciated. Besides food drives, the IPCFP also collects other types of items for some of their special distribution programs, including winter coats and children's toys (both going on now), and school supplies. Somewhat unusually, they also collect and distribute pet supplies. Monetary contributions to the pantry also have an unusually large bang for the buck as they are then used to purchase food for distribution

from the Greater Chicago Food Depository for only four cents per pound. Just a \$10 contribution could buy 250 pounds of nutritious food for those in need. Think of that!

**Liz Mills – Carlson Community Services:** Liz is the Executive Director and was good enough to visit us again to update us on this unusual and effective local charity. This is a great example of recent local philanthropy. The NFP was established in 2004 when the last of three brothers by the name of Carlson passed away leaving a substantial bequest to the Irving Park Lutheran Church. Carlson Community Services is operated independently of the church, and it has three primary programs to implement their desire to give back to this community. The first is an after school program for about 60 children called the Magic After-School Place. Many of the children there are from low income homes and for those children the cost is very low (\$35 per week). They also put on the Irving Park Fine Arts Concert Series with Arthur Bingaman as the Artistic Director, which has included a lot of first rate classical performances, but also includes many other genres including the performance of blues musician Bear Williams in a Christmas Show on December 9, 2018. Last but not least, the Three Brothers Garden is a community food garden that produces organic food to benefit the Food Pantry. Carlson has a wealth of volunteer opportunities, especially in the garden and with the after school program and donations are also welcome.

**Surprise Guest – Congressman Mike Quigley:** Fresh off of his landslide re-election (140,000 votes) our Congressman was good enough to visit us. This was at least his third visit in the last couple of years (thanks

to Anna Sobor] and it is always very interesting to hear about what is really going on in Washington. He has now served for about ten years and his sway in Congress has been steadily growing. He was already serving on the powerful Appropriations Committee, and now with the return of a democratic majority he expects to be the Chairman of the Subcommittee on Financial Services and General Government. That committee includes oversight over the administration of the Supreme Court. A few of things that I found interesting from his short visit were:

1. He expects that Congress will once again give itself the power to pass earmarks (think "pork" buried in a larger bill). While I am not a fan of earmarks, I can understand their utility when trying to pass major legislation. The Republicans had banned them in 2011, and the Democrats have wanted them restored, but now the President does as well. Pretty strange.
2. He expects a major infrastructure bill to get passed. He again mentioned that our CTA has more riders in a month than Amtrak in a year. Federal funds were recently involved in getting the Red Line done, and improving the Blue Line is now on his radar.
3. He spoke of the need to sell the current and physically decrepit FBI building so it can be moved to more efficient locations. He noted that this is a no-brainer as the current location is such valuable real estate that it can be sold to pay for the improved facilities at a new location. However, he pointed out that our President has attempted to block this, and he implied it was not coincidental that it was because it is located next to a Trump Hotel property and that he may not want a competing business at that location.
4. Most importantly, he spoke about his important role on the Intelligence Committee and in particular the Russian Investigation. He noted that there had been about 40 witnesses that the Republican Congress had not allowed to be called, and that other witnesses had refused to answer. He made it clear that the investigation would now be going forward without such roadblocks. However, he also made it clear that that every effort would be made to do it in a calm and constitutional manner. That was great to hear, as no matter which side you should lean toward, the last thing we need now is hyperbole or show-boating that will only lead to more polarization in this country.

# Brightening a Bleak Winter's Day — Claudia Hine

Sixteen lucky members of the Irving Park Garden Club were recipients of a donation of winterberry branches by Des Plaines-based **Lurvey Landscape Supply** to **Keeler Gardens**, 3631 N. Keeler Ave.

Winterberry is a holly shrub with bright red berries that looks great in containers and will be enjoyed by many neighborhood birds.

As Lurvey needed to clear out its seasonal stock, garden club members were only too eager to take advantage of that offer for use in their containers at home or to dress up the club's planters along Irving Park Rd. OIPA board member Anna Sobor took some of the winterberry to brighten OIPA's large containers along Irving as well.

**Although the garden club is on its winter break, our first meeting of the season is just a few weeks away.**

Join us on March 16 at 10 a.m. at St. John's Episcopal Church, 3857 N. Kostner, for a presentation on hostas by Lou Horton. Annual membership is just \$20/family.

## Knife & Tool Sharpening

Gardening not your thing? No problem. You can stop by to have your knives or tools sharpened as Dave Is Sharp also will be on hand to get us ready for gardening season. His van will be parked outside of the church entrance, and we invite nonmembers to take advantage of this service, too. Prices vary.

Wishing you an early spring. Hope to see you in March.

# The Buzz at Belding— Lisa Owens, 4th Grade Reading/Social Studies Teacher

## Family Reading Night

It was a cozy evening in November as Belding families came to school for a fun reading event. Students wearing comfy pajamas were treated to various staff and fellow students reading and even performing some favorite books. From old favorites like *Oh Say Can You Say* by Dr. Suess and beloved characters like Pete the Cat, to new favorites like *The Book With No Pictures*, students young and old were treated to the joy of listening and having a book read to them. With hot cocoa and the chance to make a beautiful bookmark, it was a lovely evening appreciating reading.

## Winter Wellness Fest

Belding hosted its third annual Winter Wellness Fest on in January. The goal of the event was to engage students and families around the importance of eating well, movement, safety, and mental health. It was exciting to bring our school community together for a night of learning and fun. There were five health-related workshops and five physical activity classes. Also, there was a vendor fair with various community organizations sharing information about their programming/services. We were excited to start the new year off by providing an experience that encouraged our students and families to LIVE WELL!

---

**Are you curious to see what Belding Elementary has to offer your child?** Each month Principal Heather Yutzy offers school tours for prospective parents. School Tours are an excellent opportunity to see Belding teachers and students in action and to learn more about our school. Upcoming tour dates include January 22, February 19, March 19, April 23, May 21, May 28, June 4, and June 11. Tours begin at 8:00 a.m. in the school office.

## A Goodman Theater Honor

**W**e are excited to announce that Scammon Elementary was one of five Chicago Public Schools awarded a three-year grant to the rights of Disney Musicals in Schools. The Goodman Theater will partner with us by providing two teaching artists to train and work with students and staff. This opportunity will expand our ever-growing Performing Arts program by engaging third through fifth grade students in a production of “The Lion King.” Students will perform for our local school community, and they will present a one act on the Goodman Theater stage. We enthusiastically await the performance date in May 2019!

---

## Bee Prepared

In December, we hosted our first Spelling Bee. The competition began in November with classroom challenges to nominate one champion per class from grades fourth through eighth. On December 19th, fourteen students proudly walked the stage to showcase the power of their spelling skills. The competition was fierce and the final spell-off was between a fourth grade student, Bryan Llangari, and sixth grade student, Kalvin Bernal. In the end, Mr. Bernal claimed the first place title. We commend all our participants for their endurance and commitment.

---

## A Performing Arts Success

Winter wonders indeed! Scammon students captivated parents, families and fellow students during the Winter Assemblies. The audience delighted in the melodic voices and adorable moves of our preschool through third grade students. Performances were made by our very own Scammon Dance Team, Choir and Ukulele Band. It was two incredible days of performances. Special thanks must be given to our talented music teachers, Ms. Peace and Mr. Snyder. Another special thanks to Mrs. Torres and Mrs. Rubio for enriching the school with the spirit of the holidays!

---

## Science is Everywhere

Thirty middle school students were selected to contend against one another in the Scammon Science Fair. It was a day to highlight the power of science as all classrooms toured the exhibits. In the end, only seven students were selected to advance to Chicago Public Schools Regionals. Scammon would like to congratulate Jaelynn Carranza, Tiara Cirino, Jocelin Ortiz, Gabriela Prieto, Dayanara Campoverde, Lennise Quintero and Manasa Maskey for their great work.

## From The Principal's Desk — Happy New Year to All!

I am happy to have this opportunity to introduce myself and speak to you about all of the great things happening at Schurz.

I am going on my 2nd year as principal at Schurz, but my career here began in 2010 as assistant principal. I have been with CPS since 2002 as a teacher, instructional coach, and resident principal at Lafayette Elementary School in Humboldt Park. I'm the proud father of two energetic boys who attend Belding Elementary School and am a life-long Northsider. Schurz is my neighborhood high school, and it's where I'll be sending my oldest in just under two years.

I would like to encourage everyone to be on the lookout for the community events we have lined up for the spring and attend whenever you can, especially our monthly family movie nights! I always say that you can't have a neighborhood high school without a neighborhood, so I thank the Old Irving Park community for its continued support of our school. I plan to attend an OIPA meeting soon and look forward to meeting all of you!

Finally, feel free to say hi if you spot me at one of the many fantastic establishments in the neighborhood!

Anthony Rodriguez

## Support Lydia Home at *First Look for Charity*

As we enter 2019, we are humbled by the support the community has shown our children this past holiday season. Twenty different times during the month of December, groups of volunteers served home cooked meals to the children in our residential program. Others shopped for gifts so that our children could have a special Christmas. Another group of volunteers cleaned and organized our building to help create a better home for our kids. We are grateful for our wonderful community of volunteers and donors who continue to give their time, treasures, and talents to serving children in foster care. We LOVE this neighborhood!

Looking forward into the new year, we are excited about the opportunity to be a part of **First Look for Charity**, a gala held on February 8, the night before the Chicago Auto Show that benefits several charities, including LYDIA Home. Join us for a black-tie evening full of gourmet hors d'oeuvres and cocktails, live music, and a special vehicle giveaway. It will be a night to remember for all attendees as well as an amazing opportunity to help children in foster care. 90% of your ticket purchase will go towards the needs of children at LYDIA Home.

**Let's make 2019 a year of continued Hope, Healing, and Home for kids in care. Here's how you can help:**

- **Purchase tickets to First Look for Charity** – Exclusive event before the Chicago Auto Show that will help kids at LYDIA

- **Volunteer** – Come serve a meal or mentor a child
- **Donate** – We always appreciate general donations that go towards food, clothing, and therapeutic resources for our kids
- **Come take a tour!** – Call or text me or shoot me an email!

## Pantry Holiday Program a Success!

The Irving Park Community Food Pantry would like to thank everyone—volunteers, contributors, community organizations and businesses—who helped make our holiday program on December 19 a big success!

We provided a holiday meal to more than 250 families (about 950 people in the 60641 and western half of 60618 ZIP codes) along with toys, books and stocking stuffers for their kids. In all, more than 250 toys were given to 116 families along with countless stocking stuffers, books and hats/gloves and blankets.

Due to the community's generosity, after the Pantry's distribution was complete, we were able to donate 57 toys to the Magic After-School program run by Carlson Community Services, three bags of toys to the Jesse Sherwood Elementary School in Englewood (288 students, 99% low income) and two bags of toys plus stocking stuffers to Lydia Home.

In all, donations allowed us to distribute more than 700 toys, games, books, and articles of clothing to people in our neighborhood this holiday season! Special thanks to Sara Yost and Debby Fries for their hard work in collecting toys and running the toy room.

---

### Many Thanks

**Thank you to St. Edward High School** (4343 W Sunnyside Ave) for running a food drive for the Pantry in December that brought in several carloads of food. They gave points for donations, with extra points for those items we are in particular need of for our holiday program.

**Thanks also to the group from VSA Partners** who volunteered at the Pantry for our final regular distribution of the year on December 14. They performed a variety of duties and kept things moving during our last regular distribution of the year, which was one of our busiest of the year with more than 140 families served.

We appreciate everyone in the OIP neighborhood who supports our efforts and helps us to meet our mission of being "Neighbors Helping Neighbors."

---

Cindy Paredes, branch manager at TCF Bank at Jewel Six Corners, and her associate, Jose Arguello, dropped off a donation for the Irving Park Community Food Pantry during the group's holiday program in December and then stayed to help clients select toys for their children.
